INTRODUCING THE CHARIS CARE & CULTURE COMMITTEE

As the name suggests, the Charis Care & Culture Committee is designed to promote and nurture a caring, compassionate community. How do we take the Vision of Charis to develop a "village of care for seniors" and transfer it into real, everyday life in Charis? What does it really mean to "age with grace"? How do we show that each one is loved, respected, and compassionately cared for until the end of life?

We begin by showing that we are committed to reflect that we live by the grace of God. Our motivation is in modelling this grace and love in all our actions and care for each other. The values that guide us lovingly say that the dignity and value of every person does not diminish with age. And so we age in grace and with grace.

We invite you to become an integral part of the Charis Village as we each extend hospitality, accepting every person and ensuring that they feel warmly included in their new Charis home. The Care & Culture committee has representatives from the Chinook Villa, Charis duplex, Charis Board and from interested people in Central Alberta who share the vision and passion of providing a "village of care" for seniors. We will have space on each Charis newsletter to reach out to you and let you know something of what's happening at Charis.
